GO_Biological_Process_2021
ERBB2 signaling pathway (GO:0038128)
endoderm development (GO:0007492)
regulation of cellular component movement (GO:0051270)
P-body assembly (GO:0033962)
regulation of homophilic cell adhesion (GO:1903385)
apoptotic chromosome condensation (GO:0030263)
cardiac endothelial cell differentiation (GO:0003348)
cardiac muscle cell myoblast differentiation (GO:0060379)
cell migration involved in gastrulation (GO:0042074)
endocardial cell differentiation (GO:0060956)
