GO_Biological_Process_2021
ERBB signaling pathway (GO:0038127)
cardiac muscle cell myoblast differentiation (GO:0060379)
mRNA transcription by RNA polymerase II (GO:0042789)
ERBB2 signaling pathway (GO:0038128)
regulation of cell-cell adhesion (GO:0022407)
regulation of cellular component movement (GO:0051270)
regulation of epithelial cell migration (GO:0010632)
regulation of homophilic cell adhesion (GO:1903385)
positive regulation of protein kinase C activity (GO:1900020)
apoptotic chromosome condensation (GO:0030263)
