GO_Biological_Process_2021
positive regulation of cell projection organization (GO:0031346)
gland development (GO:0048732)
regulation of protein kinase C activity (GO:1900019)
regulation of synapse assembly (GO:0051963)
ERBB signaling pathway (GO:0038127)
negative regulation of synapse organization (GO:1905809)
positive regulation of protein kinase C activity (GO:1900020)
positive regulation of DNA demethylation (GO:1901537)
axon choice point recognition (GO:0016198)
cardiac endothelial cell differentiation (GO:0003348)
