GO_Biological_Process_2021
positive regulation of cell projection organization (GO:0031346)
positive regulation of neuron projection development (GO:0010976)
axon choice point recognition (GO:0016198)
regulation of synapse assembly (GO:0051963)
regulation of neuron projection development (GO:0010975)
negative regulation of synapse organization (GO:1905809)
SRP-dependent cotranslational protein targeting to membrane, translocation (GO:0006616)
cerebral cortex neuron differentiation (GO:0021895)
positive regulation of DNA demethylation (GO:1901537)
natural killer cell differentiation (GO:0001779)
