GO_Biological_Process_2021
positive regulation of cell projection organization (GO:0031346)
pancreas development (GO:0031016)
exocrine system development (GO:0035272)
ERBB2 signaling pathway (GO:0038128)
skeletal system morphogenesis (GO:0048705)
cellular protein-containing complex assembly (GO:0034622)
actin filament network formation (GO:0051639)
gland development (GO:0048732)
protein side chain deglutamylation (GO:0035610)
SRP-dependent cotranslational protein targeting to membrane, translocation (GO:0006616)
