GO_Biological_Process_2021
nervous system development (GO:0007399)
enzyme linked receptor protein signaling pathway (GO:0007167)
negative regulation of transport (GO:0051051)
negative regulation of phosphorylation (GO:0042326)
regulation of protein binding (GO:0043393)
macroautophagy (GO:0016236)
positive regulation of neurotransmitter transport (GO:0051590)
aggresome assembly (GO:0070842)
ciliary neurotrophic factor-mediated signaling pathway (GO:0070120)
response to denervation involved in regulation of muscle adaptation (GO:0014894)
