GO_Biological_Process_2021
ERBB2 signaling pathway (GO:0038128)
ERBB signaling pathway (GO:0038127)
heparan sulfate proteoglycan biosynthetic process (GO:0015012)
heparan sulfate proteoglycan metabolic process (GO:0030201)
regulation of homophilic cell adhesion (GO:1903385)
positive regulation of Ras protein signal transduction (GO:0046579)
protein dephosphorylation (GO:0006470)
aminoglycan biosynthetic process (GO:0006023)
regulation of cellular component movement (GO:0051270)
dephosphorylation (GO:0016311)
