GO_Biological_Process_2021
positive regulation of cell projection organization (GO:0031346)
cardiac muscle cell myoblast differentiation (GO:0060379)
commissural neuron axon guidance (GO:0071679)
regulation of synapse assembly (GO:0051963)
negative regulation of synapse organization (GO:1905809)
positive regulation of protein kinase C activity (GO:1900020)
cerebral cortex neuron differentiation (GO:0021895)
positive regulation of DNA demethylation (GO:1901537)
axon choice point recognition (GO:0016198)
neuron fate commitment (GO:0048663)
